

TRICKLE VENT

NOTE:
The sliding doors can be of great size and therefore consideration and planning should be taken into account when ordering and taking delivery. The weight could be up to 170kg for a single component such as glass, and so adequate manpower must be allowed for on-site. Due to the potential large size of the doors, access should also be assessed to ensure transportation of the product is possible to the proposed installation site.

Section 7

Section 8

Scale 1:2

Title:
KUSTOMSLIDE PLUS DOUBLE TRACK VERTICAL SECTION WITH STANDARD BOTTOM TRACK AND ADD-ON WITH TRICKLE VENT
